Frontend Developer with 2+ years of experience building responsive, scalable web apps using React, Next.js, and TypeScript. Skilled in clean UI, performance optimization, and API-driven platforms. Open to frontend roles in product-focused teams.

EXPERIENCE

IT Investments Center
Frontend Developer

2025-07-07 - Present

Developed and maintained scalable frontend features with React, Next.js, and TypeScript for projects including **Alla.uz**, **CreativeTech.uz**, **TalentBridge.uz**, and various admin dashboards; built responsive, user-friendly interfaces; integrated REST APIs and managed async data; created reusable components with clean, modular architecture; optimized performance; collaborated with backend developers, designers, and product managers; participated in code reviews and followed best practices.

Freelance — Self-Employed
Frontend Developer

2023-06-07 - 2023-07-07

Delivered multiple small to medium-scale frontend projects independently, including **Kamronbek.design**, **Idimzo.uz**, **Sam-Travel.uz**, various admin dashboards, and landing pages; built modern, responsive UIs using React, Next.js, and Tailwind CSS; integrated REST APIs and managed async state with React Query; optimized website performance and loading speed; communicated directly with clients to gather requirements and provide updates; ensured timely delivery and high-quality standards.

EDUCATION

Tashkent University of Information Technologies (TUIT)
Bachelor's Degree - Software Engineering

2021-09-09 - 2025-05-15

GPA 4.4/5.0, participated in programming hackathons and team projects, focused on web development and English improvement.

Open Web Academy
Frontend Intern - Web Development

2022-09-09 - 2023-05-15

Worked on practical frontend projects using HTML, CSS, JavaScript, and React, and solved algorithmic challenges on Codewars.
